LEAVE-001 | ANNUAL LEAVE ENTITLEMENT

How much annual leave does a full-time employee receive?

A full-time employee receives 20 working days of paid annual leave per calendar year. Employees who join during the year and part-time employees receive a prorated entitlement based on their start date or contracted schedule. The People Operations portal displays each employee's current balance. A leave request is not approved until the reporting manager confirms it in the portal.

LEAVE-002 | ANNUAL LEAVE REQUESTS

How do I request annual leave, and how much notice is needed?

Submit an annual leave request in the People Operations portal at least five working days before the intended start date. The reporting manager checks team coverage and either approves or declines the request in the portal. Do not treat a submitted request as approval. If a genuine emergency prevents five working days of notice, contact the manager directly and record the request as soon as practicable.

LEAVE-003 | SICK LEAVE

What is the sick leave allowance and when is a medical certificate required?

Eligible full-time employees may use up to 10 paid sick days per calendar year. Notify the reporting manager and record the absence in the People Operations portal by 9:30 a.m. local time on the first day, when reasonably possible. A medical certificate is required for an absence lasting more than two consecutive working days. People Operations can advise on statutory entitlements where local rules differ.

LEAVE-004 | CARRYOVER

Can unused annual leave be carried into the next year?

With reporting-manager approval, an employee may carry forward up to five unused annual leave days. Approved carryover must be used by 31 March of the following calendar year; any remainder expires unless applicable law requires otherwise. The People Operations team records approved carryover in the portal. Unused leave is not automatically paid out during employment.

LEAVE-005 | EMERGENCY LEAVE

What should I do if an urgent personal situation prevents me from working?

Contact your reporting manager as soon as it is safe to do so and explain the expected period of absence. The manager and People Operations will determine whether annual leave, sick leave, unpaid leave, or an applicable statutory category should be used. An urgent absence can be reported before its category is finalized, but the employee must update the People Operations portal when the appropriate category is confirmed.

LEAVE-006 | PUBLIC HOLIDAYS

Which public holiday calendar applies to remote and hybrid employees?

The published holiday calendar for the employee's assigned office location normally applies, including when the employee is working remotely within the same country. Working temporarily from another location does not automatically change the assigned holiday calendar. Employees should consult People Operations before assuming that a holiday in a travel destination replaces a holiday at their assigned office. Any mandatory local-law exception takes precedence.
